

Mentsh

Mentsh is an item defined by its own simplicity and sincere integrity, derived from a dominant structural leading theme: two main steel beams accelerating up towards a climax point, from which the visual and structural tension flows down to a cross beam connecting the slightly angled legs. The top of the bench comprises two slabs of European oak with a thin gap between them, a nostalgic reference to the classic Israeli "Kibbutz" bench.

PRICE: 4,000 NIS

DIMENSIONS:

Width: 40 cm
Length: 120/150/180 cm
Height: 45 cm

MATERIALS:

Steel frame, wood

FRAME

LACQUERED STEEL
